To Whom it May Concern

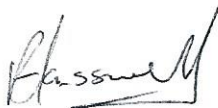

I, Robert Hanssen offer my personal and professional endorsement of Celcius Refrigeration as a partner to Cubicool International (Pty) Ltd.

Celcius Refrigeration constantly strives to provide their clients with energy-efficient and sustainable refrigeration solutions. Since our earliest involvement with Paul Da Silva and Celcius Refrigeration, we have found them to be among the top refrigeration contractors in South Africa. Their belief in mutually beneficial business relations has strengthened our relationship over the years.

We have found each member of the Celcius team to be courteous and professional in every respect.

We look forward to many more years of synergy with Celcius Refrigeration.

Yours sincerely,

Robert Hanssen
Director
Cubicool International (Pty) Ltd
